28 April 2008

To Shareholders and, for information only, to holders of Share Options under the Share Plans

Dear Shareholder

Introduction

Your Independent Directors are seeking authority from Shareholders for the Company to purchase in the market up to 14.99 per cent. of the issued Ordinary Shares of the Company. The existing authority lapses at the conclusion of the Annual General Meeting of the Company to be held in 2008 or, if earlier on 20 November 2008 and could not be acted upon for the reasons explained below. Your Independent Directors are also seeking the approval by Independent Shareholders of the Waiver, which has been granted by the Panel, subject to the approval at the EGM by Independent Shareholders on a poll, of any obligation on the part of the Concert Party to make a general offer to Shareholders under Rule 9 of the Takeover Code which might otherwise arise upon any exercise by the Company of the Share Purchase Authority. In addition, your Independent Directors are seeking the approval of the Resolution allowing the exercise by DCS of any of its Convertible Redeemable Shares.

The purpose of this document is to set out the background to and reasons for these Proposals, to explain why your Independent Directors consider the passing of the Resolutions to be in the best interests of the Company and its Shareholders as a whole and to seek Shareholder approval for the three Resolutions which are being proposed at the EGM to be held at 11.30 a.m. on 22 May 2008.

Background to and reasons for the proposed Share Purchase Authority

On 29 January 2008, the Company issued a trading update announcement relating to the year ended 31 December 2007. That announcement stated that the Group had continued to trade strongly during the second half and, further, that the Board anticipated that the results for the full year ended 31 December 2007 would exceed the then prevailing market expectations. The Company issued its preliminary statement of results for the year ended 31 December 2007 on 28 March 2008 reporting record sales of £6.2 million (2006: £5.2 million), record profits of £836,000 (2006: £516,000) before tax, gains on divestments and amortisation, and record adjusted fully diluted earnings per share of 12.9p (2006: 8.6p).

The Board also reported that the Company entered the New Year with an almost doubled order book compared to the level reached at the beginning of 2007 which, in the opinion of the Directors, augured well for 2008. A copy of the Annual Report and Accounts is enclosed with this document for Shareholders' information.

The Independent Directors believe that the Company's share price does not reflect the Group's favourable prospects and that this is at least partly as a result of the limited liquidity in the Company's shares. The Independent Directors believe that the proposed Share Purchase Authority can assist in providing an exit for shareholders who currently may not be able to sell due to the limited liquidity in the Company's shares.

The Board intends to continue with its successful strategy of developing the business through organic growth, improvements in operational performance and acquisitions. Moreover, the Board will continue to actively seek acquisition opportunities in order to enhance Shareholder value.

The Board may also seek further authority to buy back Ordinary Shares if the Share Purchase Authority detailed in this document is approved and subsequently exhausted. The Directors intend to use the distributable reserves of the Company to effect any buybacks. Any Ordinary Shares purchased by the Company using the Share Purchase Authority would either be cancelled or held in treasury as described below.

Your Independent Directors are now seeking authority from Shareholders at the EGM to be held at 11.30 a.m. on 22 May 2008 to purchase its own Ordinary Shares in the market. The authority will be limited to a maximum of 533,775 Ordinary Shares, representing 14.99 per cent. of the current issued share capital of the Company and, as stated in Resolution 2, where the Company decides to make market purchases, unless it effects such purchases by way of a tender or partial offer made to all Shareholders on the same terms, it will not make any market purchase where the price payable would be more than five per cent. greater than the average middle market price (taken from the AIM Appendix to the London Stock Exchange Daily Official List) for the five business days immediately preceding such purchase and nor will it purchase any Ordinary Shares at a price of less than the nominal value of each Ordinary Share. The Directors would only exercise such authority after considering the benefits of any buyback of Ordinary Shares for Shareholders as a whole. The authority will be valid until the Annual General Meeting of the Company to be held in 2009 or the expiry of 15 months from the date Resolution 2 is passed, if earlier.

The Board may decide to hold in treasury a maximum of ten per cent. of the current issued share capital of the Company. Ordinary Shares purchased pursuant to the Share Purchase Authority could either be held by the Company in its own name in treasury or cancelled and if such shares are held in treasury they would in the future either be sold for cash or used to meet the Company's obligations under employee share schemes, or could be cancelled at a later date. Any Ordinary Shares held in treasury by the Company would remain admitted to trading on AIM, although the Company would not be able to attend meetings, exercise any voting rights, or receive any dividend or other distribution (save for any issue of bonus shares) in respect of Ordinary Shares held in treasury. Once any such Ordinary Shares are sold or transferred out of treasury, the new legal owners of the Ordinary Shares would be able to exercise the usual rights from time to time attached to those shares. The Board believes that the ability to hold Ordinary Shares purchased pursuant to the Share Purchase Authority in treasury will allow for greater flexibility and may save the Company some of the costs associated with issuing new Ordinary Shares.

The Takeover Code requirements

Rule 9 of the Takeover Code ("Rule 9") stipulates, *inter alia*, that if (a) any person acquires, an interest (as defined in the Takeover Code) in shares which taken together with shares in which persons acting in concert with him are interested carry 30 per cent. or more of the voting rights of a company; or (b) any person, together with persons acting in concert with him, is interested in shares which in the aggregate carry not less than 30 per cent. of the voting rights of a company but does not hold shares carrying more than 50 per cent. of such voting rights and such person, or any person acting in concert with him, acquires an interest in any other shares which increases the percentage of the voting rights in which he is interested; such person will normally be required by the Panel to make a general offer to the remaining shareholders to acquire their shares. An offer under Rule 9 must be made in cash and at the highest price paid by the person required to make the offer or any person acting in concert with him for any interest in shares in the company during the twelve months prior to the announcement of the offer.

Under Rule 37 of the Takeover Code, when a company purchases its own voting shares, any resulting increase in the percentage of shares carrying voting rights in which a person or group of persons acting in

concert is interested will be treated as an acquisition for the purpose of Rule 9 (although a shareholder who is neither a director nor deemed to be acting in concert with a director will not normally incur an obligation to make an offer under Rule 9).

The Takeover Code states that persons are acting in concert if, *inter alia*, they co-operate, pursuant to an agreement or understanding (whether formal or informal) to obtain or consolidate control of a company. A person and each of its affiliated persons will be deemed to be acting in concert all with each other. The Panel considers that for these purposes, DCS; David Cicurel; Dawnay Day Corporate Finance Limited; ForwardIssue Limited; Totalassist Company Limited; Guy Naggar and the Naggar Family Pension Scheme, members of their immediate families and certain trusts and entities related to them and members of their immediate families are acting in concert. Full details of the constituent members of the Concert Party are set out in paragraph 6 of Part II of this document.

Current and potential shareholding of the Concert Party

The aggregate shareholding interests of the Concert Party in the Company as at 25 April 2008, being the last practicable date prior to the posting of this document, was 1,333,988 Ordinary Shares, representing 37.46 per cent. of the issued share capital of the Company. In addition, a member of the Concert Party holds Convertible Redeemable Shares which, if converted, would increase the aggregate shareholding of the Concert Party. Details of the Convertible Redeemable Shares are set out below.

Convertible Redeemable Shares

Prior to Admission, the founding directors of the Company subscribed for and were issued a total of 5,000,000 Convertible Redeemable Shares. The holders of the Convertible Redeemable Shares have the right to convert all or part of their holding of Convertible Redeemable Shares into an amount of New Ordinary Shares, such that if all the Convertible Redeemable Shares were converted at the same time, the total number of New Ordinary Shares to be issued pursuant to the conversion would equal 12 per cent. of the enlarged issued share capital. The amount to be paid on conversion of each Convertible Redeemable Share is 95 pence per New Ordinary Share issued as a result of the conversion.

DCS currently holds 4,166,667 Convertible Redeemable Shares. It was stated in the AIM Re-Admission Document that it was intended to seek a vote of independent shareholders to enable DCS to exercise its conversion rights. This Resolution is being sought as part of the Proposals (Resolution 3).

If the Convertible Redeemable Shares were converted on 25 April 2008, being the last practicable date prior to the posting of this document, then they would convert into 485,574 New Ordinary Shares. DCS, a member of the Concert Party, would hold 404,645 of these New Ordinary Shares. If DCS converted its Convertible Redeemable Shares (and no others were converted) on 25 April 2008, the aggregate shareholding interests of the Concert Party in the Company would be 1,738,633 Ordinary Shares, representing 43.84 per cent. of the issued share capital of the Company.

Shareholding scenarios

The respective shareholding interests in the Company of the Concert Party as at 25 April 2008, being the last practicable date prior to the posting of this document, are set out in the table below together with details of the maximum percentage of the Company's voting rights which would be represented by the respective shareholding interests of the Concert Party in the Company under three scenarios.

Scenario 1:

- (i) the Waiver granted by the Panel in relation to the Share Purchase Authority is approved by the Independent Shareholders;
- (ii) Resolution 3 in relation to the Convertible Redeemable Shares is not approved by the Independent Shareholders; and
- (iii) the Share Purchase Authority is utilised in full.

Scenario 2:

- (i) the Waiver granted by the Panel in relation to the Share Purchase Authority is approved by the Independent Shareholders;
- (ii) Resolution 3 in relation to the Convertible Redeemable Shares is approved by the Independent Shareholders; and
- (iii) only DCS converts its Convertible Redeemable Shares (i.e. no other holder of Convertible Redeemable Shares converts) following which the Share Purchase Authority is utilised in full.

Scenario 3:

- (i) the Waiver granted by the Panel in relation to the Share Purchase Authority is not approved by the Independent Shareholders;
- (ii) Resolution 3 in relation to the Convertible Redeemable Shares is approved by the Independent Shareholders; and
- (iii) only DCS converts its Convertible Redeemable Shares (i.e. no other holder of Convertible Redeemable Shares converts).

Details of each member of the Concert Party are set out in paragraph 6 of Part II of this document.

If the Company were to repurchase the maximum number of Ordinary Shares authorised pursuant to the Share Purchase Authority from persons other than the Concert Party, the Concert Party's interest in the issued share capital of the Company would (assuming no other allotments of Ordinary Shares) increase to 44.07 per cent. of the issued share capital of the Company prior to the conversion of any of the Convertible Redeemable Shares, and 50.66 per cent. following the conversion of the Convertible Redeemable Shares by DCS. Accordingly, an increase in the percentage of Ordinary Shares carrying voting rights in which the Concert Party is interested, as a result of the implementation of the buyback authority, would prima facie have the effect of triggering Rule 9 of the Takeover Code and result in the Concert Party being under an obligation to make a general offer to all Shareholders.

Dispensation from Rule 9 of the Takeover Code in relation to the repurchase by the Company of its own shares

The Independent Directors have applied to the Panel for a waiver of Rule 9 of the Takeover Code in order to permit the Share Purchase Authority proposed under Resolution 2 to be exercised by the Board (if such authority is approved by Shareholders) without triggering an obligation on the part of the Concert Party to make a general offer to Shareholders. The Panel has agreed, subject to Independent Shareholders' approval on a poll, to waive any obligation for the Concert Party to make a general offer to all Shareholders where

such an obligation would arise as a result of purchases by the Company of up to 533,775 Ordinary Shares pursuant to the Share Purchase Authority. The waiver granted by the Panel relates only to any increase in the percentage of Ordinary Shares held by the Concert Party as a result of purchases by the Company of Ordinary Shares pursuant to the Share Purchase Authority and is conditional on the passing of Resolution 1 by the Independent Shareholders of the Company on a poll. As the members of the Concert Party are interested in the outcome of Resolution 1, they will be precluded from voting on that Resolution.

Following exercise of the Share Purchase Authority (either in whole or in part), the Concert Party will remain interested in shares which carry more than 30 per cent. but will not hold more than 50 per cent. of the Company's voting share capital and any further increase in the number of Ordinary Shares in which it is interested (other than as a result of a further exercise of the buyback authority) will be subject to the provisions of Rule 9 of the Takeover Code.

DCS's Convertible Redeemable Shares

DCS currently holds 4,166,667 Convertible Redeemable Shares. It was stated in the AIM Re-Admission Document that it was intended to seek a vote of Independent Shareholders to enable DCS to exercise its conversion rights. This Resolution is being sought as part of the Proposals (Resolution 3). The Concert Party will be precluded from voting on that Resolution.

Panel Waiver

Following an application by the Independent Directors, the Panel has agreed, subject to the approval of Resolution 1 on a poll by the Independent Shareholders at the EGM, to grant the Waiver. The effect of the Waiver, if approved by the Independent Shareholders, would be that the Concert Party would not be required to make a general offer under Rule 9 of the Takeover Code that would otherwise arise due to the increase in the aggregate holding of the Concert Party resulting from the purchase by the Company of its own Ordinary Shares pursuant to the Share Purchase Authority.

The Resolution to approve the Waiver is subject to the approval of the Independent Shareholders on a poll and each Independent Shareholder will be entitled to one vote for each Ordinary Share held. The Independent Shareholders are the Shareholders other than members of the Concert Party.

Scenario 1

In the event that the Independent Shareholders approve the Waiver which has been granted by the Panel at the EGM, that Resolution 3 in relation to the Convertible Redeemable Shares is not approved by the Independent Shareholders and assuming that the Share Purchase Authority is utilised in full ('Scenario 1', as more fully described on page 7), then the Concert Party members would between them be interested in shares carrying 30 per cent. or more of the Company's voting share capital, but would not hold shares carrying more than 50 per cent. of such voting rights and (for as long as they continue to be treated as acting in concert) any further increase in that aggregate interest in shares would be subject to the provisions Rule 9.

Scenario 2

In the event that the Independent Shareholders approve the Waiver which has been granted by the Panel at the EGM, that Resolution 3 in relation to the Convertible Redeemable Shares is approved by the Independent Shareholders, and DCS converts its Convertible Redeemable Shares following which the Company utilises in full the Share Purchase Authority ('Scenario 2', as more fully described on page 8), then the Concert Party members will between them hold more than 50 per cent. of the Company's voting share capital and (for as long as they continue to be treated as acting in concert) may accordingly be able to increase their aggregate interests in shares without incurring any obligation under Rule 9 of the Takeover Code to make a general offer although individual members of the Concert Party will not be able to increase their percentage interest in shares through or between a Rule 9 threshold without the consent of the Panel.

Scenario 3

In the event that the Independent Shareholders do not approve the Waiver which has been granted by the Panel at the EGM, that Resolution 3 in relation to the Convertible Redeemable Shares is approved by the Independent Shareholders ('Scenario 3', as more fully described on page 8), then the Concert Party members would between them be interested in shares carrying 30 per cent. or more of the Company's voting share capital, but would not hold shares carrying more than 50 per cent. of such voting rights and (for as long as they continue to be treated as acting in concert) any further increase in that aggregate interest in shares would be subject to the provisions Rule 9.

The Concert Party and its intentions

Each member of the Concert Party has confirmed to the Board that it is not presently proposing any changes to the Board or changes to the employment rights of employees of the Company and that its intention, following any increase in its shareholding as a result of any repurchase of Ordinary Shares or conversion of the Convertible Redeemable Shares, is that the business of the Company should continue to be run in substantially the same manner as at present.

More specifically, each member of the Concert Party has confirmed that their intentions regarding the future of the Company's business, the locations of the Company's places of business and the continued employment of its employees and management (and those of its subsidiaries) will not be altered as a result of the Proposals, nor will there be any redeployment of the fixed assets of the Company as a result of the Proposals.

David Cicurel has not taken part in any decision of the Board relating to the Proposals as he is a member of the Concert Party. David Cicurel has confirmed his intention not to vote in relation to Resolutions 1 or 3. Additionally, David Cicurel has confirmed that, if the Waiver is approved by Independent Shareholders, he will not participate in Board decisions in relation to any purchase by the Company of its own Ordinary Shares pursuant to the Share Purchase Authority.

Extraordinary General Meeting

A notice convening an EGM to be held at 8-10 Grosvenor Gardens SW1W 0DH at 11.30 a.m. on 22 May 2008 is set out at the end of this document. At the EGM, Resolutions will be proposed to waive the application of Rule 9 of the Takeover Code in connection with the Share Purchase Authority, to authorise the Company to buy back its own shares and to approve the Resolution in connection with the exercise by DCS of its right to convert the Convertible Redeemable Shares held by it.

Action to be taken

You will find a Form of Proxy for use in connection with the EGM at the end of this document. The Form of Proxy should be completed in accordance with the instructions printed thereon, whether or not you intend to be present at the EGM, and returned to the Company Secretary, Unit 19, Charlwoods Road, East Grinstead, West Sussex, RH19 2HL as soon as possible and in any event so that it is received not later than 11.30 a.m. on 20 May 2008. Completion and return of the Form of Proxy will not prevent you from attending the EGM and voting in person, if you so wish.

Yours faithfully,

The Hon. Alexander Robert Hambro, Ralph Leslie Cohen, Ralph Julian Elman and Glynn Carl Reece
The Independent Directors

In this paragraph 12.3, reference to:

- (1) “relevant securities” means Ordinary Shares and shares in DCS, Dawnay Day Corporate Finance Limited, ForwardIssue Limited, Totalassist Company Limited and securities carrying conversion or subscription rights into, options (including traded options) in respect of or derivatives referenced to, Ordinary Shares or shares in David Cicurel Securities Limited, Dawnay Day Corporate Finance Limited, ForwardIssue Limited or Totalassist Company Limited;

- (2) “derivatives” include any financial product whose value in whole or in part is determined directly or indirectly by reference to the price of an underlying security;

- (4) “associated company” means in relation to any company, that company’s parent, subsidiaries and fellow subsidiaries, and their associated companies, and companies of which such companies are associated companies. For these purposes, ownership or control of 20 per cent. or more of the equity share capital of a company is regarded as the test of associated company status;
